Publisher's Desk

"Building Foundations. Nurturing Skills. Shaping the Future."

At PM Publishers, we believe that education goes beyond textbooks—it builds **curiosity**, **creativity**, **confidence**, **critical thinking**, and **essential skills** for a changing world. With a comprehensive **K–10 portfolio from Nursery to Class 10**, we create learning resources that support every stage of a learner's journey.

Our portfolio brings together **ECCE**, **English**, **Hindi**, **Grammar**, **Mathematics**, **Computers**, **Computational Thinking**, **Artificial Intelligence**, **Coding**, **Robotics**, **General Knowledge**, **Arts & Craft**, and other skill-based learning resources.

Our offerings are thoughtfully aligned with **NEP 2020**, **NCF-FS 2022**, **NCF-SE 2023**, and **NIPUN Bharat 2021**, with a focus on **foundational learning**, **competency-based education**, **experiential learning**, and **holistic development**.

Key strengths of PM Publishers' offerings include:

- **Strong Foundations:** Age-appropriate ECCE and foundational learning that develops language, literacy, numeracy, cognitive, creative, physical, and socio-emotional skills.
- **Language:** Progressive resources for English, Hindi, Grammar, building communication and conceptual understanding.
- **Digital & Future-Ready Skills:** Computers, Computational Thinking, AI, Coding, and Robotics introduced through structured, age-appropriate and application-oriented learning.
- **Creativity & Awareness:** General Knowledge, Arts & Craft, activities, projects, and experiential learning that encourage curiosity, imagination, observation, and self-expression.
- **Technology-Enabled Learning:** Print resources supported by multimedia, digital content, interactive learning, assessments, and LMS solutions.

By bringing together **strong academic foundations**, **creativity**, **technology**, and **future-ready skills**, PM Publishers aims to empower learners to become **curious**, **capable**, **creative**, **confident**, and **responsible individuals**.

ECCE TO K–10

A continuous learning journey from strong foundations to advanced skills.

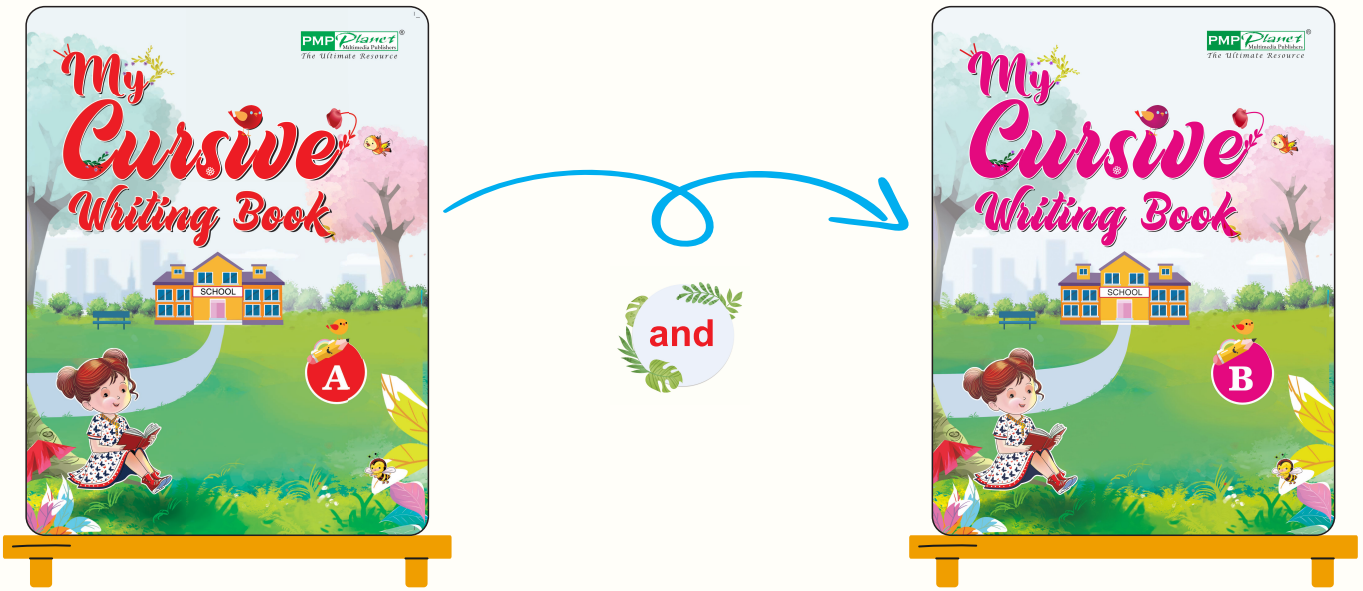
My Cursive Writing Book



My Cursive Writing Book is a series of two books of writing in cursive characters for classes LKG and UKG. The objective of the series is to provide a modern and refreshing approach to the teaching and learning of handwriting. Based on the National Curriculum Framework, 2023, the books of this series are enriched with the following features:

Key Highlights

- Written in simple language
- Integrated with sound and practical exercises
- Well-graded content
- Fun-filled activities
- Interactive and four colour illustrations
- Development of gross and fine motor skills

तरंग

हिंदी पाठ्यपुस्तक

Superb English Grammar

Aligned with NEP 2020 & NCF 2023

'Superb English Grammar' is a systematically graded latest series of eight books designed to enable the learners to communicate in English accurately, fluently and effectively. The series lays emphasis on knowledge for application rather than stressful mugging up of facts. It presents grammatical rules in easy manner which help in effortless language skills acquisition. Each concept of grammar is introduced through interesting examples and spectacular illustrations.

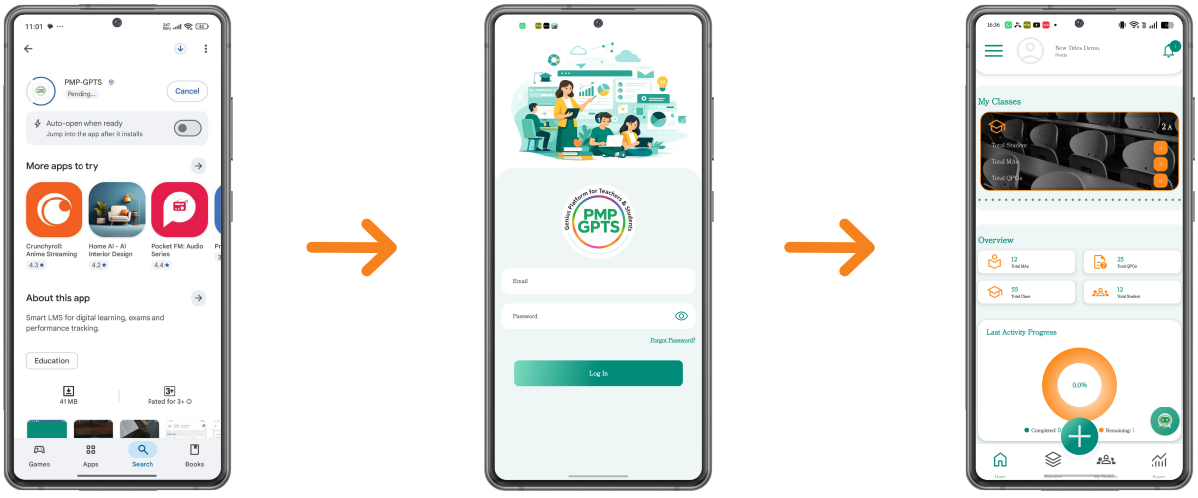
HOW TO ACCESS DIGITAL RESOURCES ON WEB AND MOBILE APP

PMP GPTS is an advanced and user-friendly Learning Management System (LMS) designed to enrich the teaching and learning experience for both educators and learners.

Web Support

Mobile App



Step 1: Download the Application

- Open the Google Play Store or App Store.
- Search for PMP GPTS using the search bar.
- Tap Install to download the app.
- Once it's installed, tap "Open" to launch the app.

Step 2: Sign In to the Platform

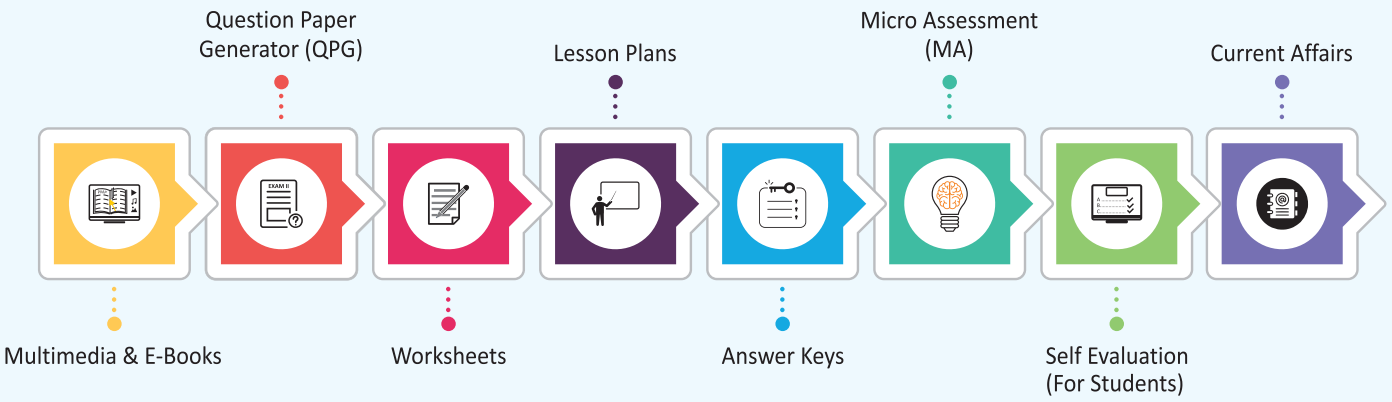
- A common login interface is provided for both Teachers and Students.
- Enter your assigned Username and Password in the respective fields.
- Tap the Log In button to securely access the LMS portal.

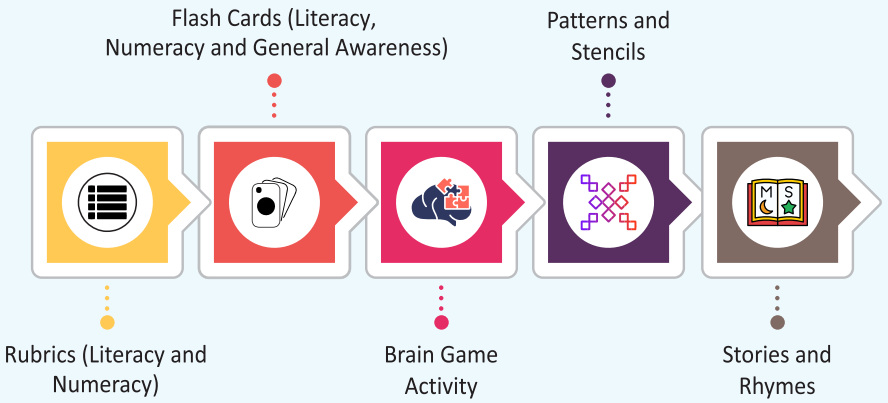
Step 3: Navigate the Dashboard

- Monitor recent activities and notifications.
- Access the Digital resources.
- Generate question papers and worksheets.
- Create micro assessments and practice tests.

For registration, school onboarding, or technical assistance, **please contact:** support@pmpublishers.in
You may also connect with the Sales Representative of your Region for further guidance and support.

Digital Resources





BlocksBuddy is an interactive learning platform developed by PM Publishers Pvt. Ltd. that helps students learn fundamentals of computer programming, Artificial Intelligence (AI) and Robotics.
